RED CROSS BALL PROVES A PLEASANT FUNCTION.

Through the courtesy of General Manager Jeffers, the new Union Pacific depot was dedicated to service Friday evening by a ball and reception given under the auspices of the Red Cross chapter. The large and handsome waiting room was appropriately and artistically decorated with flags, bunting and Red Cross emblems, pictures of President Wilson, Lincoln, and General Manager Jeffers, and figures of Uncle Sam, Goddess of Liberty and a Red Cross nurse. The decorations were by the hands of Mrs. W. J. Tiley assisted by Mesdames Salisbury, Cotterell, Dickey, Snyder, Van Derhoof and Wyman. In the west end of the room a score or more of Sammy Girls in Red Cross costume served punch the early part of the evening and later served the refreshments in the dining room.

From 8:30 to 9:30 was the reception hour, and this was followed by introductory remarks by John J. Halligan who introducing Supt. Brophy of the Nebraska division who presented the depot to the service of the people of North Platte and the tributary section. This presentation was to have been made by General Manager Jeffers, who spent the day in town, but was confined to his private car by illness. He did, however, contrary to the advice of the attending physician walk to the depot and remain for a short time, and made a few remarks when introduced to the audience. The speech of acceptance was made by J. G. Beiler, who also gave a patriotic talk of considerable length.

Following the talks dancing was the order of the evening, the grand march being led by Trainmaster Chas. Weir and Mrs. Wm. M. Jeffers, the latter coming up from Omaha on a morning train. Music was furnished by a ten piece orchestra, kindly donated by the North Platte Musicians' Association. Dancing continued until midnight.

Refreshments were served in the beautiful dining room by the Sammy Girls.

The attendance was between 800 and 1,000, and the evening pleasantly spent by all.

E. J. Van Derhoof and his committee are to be congratulated upon the success of the affair.

City School Notes.

Elma Crane and Herbert Spencer brought copies of The National Geographic Magazine to school last week and Miss Elckhoff used them in geography lessons.

The German measles was raging in some rooms of the Lincoln school last week and the attendance was very light.

Miss Olson's geography 7B is making a product map of Europe that is arousing much interest. The map is of the continent as it was before the war and the products are those that were produced before the war, and which it is expected will be produced after the war.

Two pupils of the Junior high school Helen Rodins and Junior Hinman earned 100 per cent every day during the past six weeks.

Palmer Certificates have been earned by Ruth McGrew, Mildred Stonner, Lillian Soltow, Mable Getty, Royer Hastings and Alice Hoagland.

A number of pupils of Miss Murray's room brought postal cards, folders, etc., describing Yellowstone Park and Miss Murray gave a geography lesson on the park and posted the pictures on her bulletin board.

The classes in mathematics 7B are studying geometry of forms. Each pupil has a compass, triangle, ruler and pencil and the work starts off very well as the pupils are interested in making the drawings and measuring their parts.

Bertha Eeklin and Evangeline Gough substituted for Miss Stansbury in the Jefferson school last Friday. Both are Senior normal training girls.

The Physiology class under Miss Drabos has been having class demonstrations of bandaging, artificial respiration, removing foreign bodies from the eye, etc.

Marie Hayes, Miss Ganitt, Mrs. W. M. Rigg and Mrs. Chas. Green visited schools last week.

Miss Buck's agriculture class has made a chart of the different kinds of weeds found around North Platte and on the chart they have indicated the manner of control.

Miss Antouides' English 9B is studying letter writing in a unique way. Copies of letters have been borrowed from business men and others and these are being studied as to form and manner of composition.

Boy Dies of Accident.

Grant Allen, a colored boy about fifteen years of age, died at a local hospital Friday evening following an accident which befell him that afternoon. The boy was employed as a porter at the Oaas and had been at justing ice cream making machinery in the basement when a hand was caught in a cog wheel mashing it. He was taken to the hospital where a finger was amputated and a short time later he passed away. The boy came here from Kearney several months ago and made his home with a colored family living on west Fifth street. The funeral was held yesterday morning.

Produce Play, Serve Pie.

The people of Sellers and Kim precincts, southwest of town are live workers for the Red Cross. A score or more ladies of those precincts get supplies from the North Platte chapter, do the work at home and return the finished garments, and this work was supplemented last Friday evening by an entertainment and pie supper at the home of Mr. and Mrs. Jess Kunkle, when \$75 was realized for the Red Cross. The entertainment was in the shape of a five-act play, in which there was a cast of ten people, and the left of Kunkle's big barn was the scene of the production. The play was exceptionally well rendered and the big audience was well pleased. The pie supper was served following the play.

Farmer's Wife Protests.

I attended a public auction March 1 a few miles east of North Platte and there was a bunch of North Platte ladies soliciting aid for the Sammie girls and also Red Cross.

Now, I think either or both these are splendid. These ladies made several speeches in which they urged the farmers to save, save, save food, pork and wheat. Now the farmers are doing everything they can in the face of big difficulties to save food. But not one of these ladies thought of how she could help save. They had silk dresses on, kid gloves, face powder and shoes that cost not less than \$7 to \$16, while I, a farmer's wife, had on a pair of \$3.98 shoes and my dress was several years old and just a little out of style.

But I gave them in cash the difference between my \$3.98 shoes and their \$16 shoes.

Second Liberty Bond.

The Mutual Building and Loan Association is offering for sale on weekly or monthly payments these bonds in denominations of fifty, one hundred, five hundred and one thousand.

Purchasers of these bonds will be credited on the Index cards now being prepared by the County Defense Council, the same as if they were purchased during the drive.

The Omaha Tire Sales Co. has leased the east basement room in the B. & L. building and will carry a stock of auto tires and accessories.

RUSSIANS RATIFY PEACE TREATY WITH GERMANY.

The All-Russian Congress of Soviets, which met in Moscow last Thursday by a vote of 453 to 39 decided to ratify the peace treaty with the Central powers.

Russia must renounce all claims to the occupied territories in Europe, Germany and Austro-Hungary to decide the fate of those regions in agreement with their populations. The Russian army must be demobilized and Russian warships are to be disarmed.

More important to the central powers is the reopening of navigation in the Black and Baltic seas and the signing by Russia under compulsion of a new commercial treaty, with guarantees of a most favorable nation treatment, at least until 1925.

The bolsheviks also promised to put an end to all propaganda and agitation within the central empires and in occupied territories under their control.

German militarism takes from the present Russian government thousands of square miles of land and millions of inhabitants contained in the former imperial territories of Finland, Poland, Courland, Lithuania, Estonia, Livonia and the Ukraine in Europe, and Batoum, Kars and Erivan in the Caucasus.

Advantage thus gained by Germany is incalculable. All the material resources of the vast agricultural region of the former czar's domains are now at command of the kaiser. The mines, so far as they are productive, the oil wells, and supplies of many kinds of which the Central powers have been denied and which are needed for the war, have been put in reach of Germany. This means only the prolongation of the war, if the allied democracies are to emerge entirely victorious.

MUST CURTAIL ARTICLES SENT TO OVERSEAS MEN.

Unnecessary articles sent by relatives and friends to soldiers overseas are taking up so much transportation space that drastic curtailment of the parcel post privileges to the fighters in France will be necessary unless the public co-operates in decreasing the volume of this class of mail.

The postoffice department in making this announcement, said a transport reaching France this month carried, besides 751,980 letters, 335,840 pieces of parcel post and newspapers, the whole taking up 12,000 cubic feet of space, altho weighing only 121 1/2 tons.

The parcel post packages and newspapers filled nineteen French railroad cars, and as cars are badly needed in France for war purposes, mail frequently has to wait at French posts for several days before the means of transportation is available.

An inspection of the packages for the soldiers the statement said showed that two-thirds of the articles are included in a General Pershing's canteen list and sold to the soldiers practically at wholesale prices. Other articles found included a bouquet of flowers and a baby outfit as well as a bottle of whiskey.

"The question will have to be answered by the relatives of the soldiers," said the department's statement, "or it will be of military necessity, be answered drastically by the authorities in France charged with the responsibility of the success of the war."

SAYING OF DAYLIGHT SOON TAKES EFFECT.

Americans are to have one more hour of daylight in which to work and play every day during the warmer half of the year. Under the terms of the daylight saving bill passed by congress Saturday, all clocks and watches in the United States will be set forward one hour at 2 a. m. Sunday, March 31, next. The new time will prevail until 2 a. m. Sunday, October 27, when chronometers will be set back one hour, thus restoring present, or astronomical time. As a result of the change Americans will arise and go about their occupations an hour earlier than usual. They will finish their work an hour earlier and have an additional hour of daylight for recreation. The change of time will be made every year under the provisions of the act of congress.

Advocates of the plan, which has been adopted by twelve other countries say that lighting bills will be reduced considerably and that millions of tons of coal will be saved. President Wilson endorsed the legislation as a conservation measure made vitally necessary by the demands of war economy.

Liberty Loan Committee Co-operate.

In some communities some workers have thought that our War Savings drive on March 22d might hurt the sale of Liberty bonds. This is not the belief of the Nebraska Liberty Loan Committee, and that committee and the Nebraska War Savings committee are working in close co-operation. Mr. Foida, secretary of the Liberty Loan Committee, is sending a letter to the Liberty Loan workers asking them to co-operate in the War Savings plans, and when the Liberty bond campaign is staged, we will in turn co-operate with Liberty Loan workers. As Foida says, the money raised from the sale of Liberty Bonds and War Savings Stamps all goes into the same pocket for the same purpose, and the important thing is to get the money. Mr. Foida has asked the officials of the Federal Reserve Bank who make the Liberty Loan apportionments to take into consideration the amount secured from various counties from the sale of War Savings Stamps and to make apportionments accordingly.

There was a man in our town
And he was wondrous wise
He jumped into some dirty ruts
And put out both his eyes.

And when he found his eyes were out,
With all his main and might,
He bought a Vacuum Cleaner
And got his second sight!

The great Annual "Schmutz Fest" comes along very shortly --the "Dirt Pest" of the year--spring housecleaning!

Some (a good many, in fact) are immune. They have no Annual Cleaning. They are annually clean. They have an

ELECTRIC VACUUM CLEANER

It certainly is a "second sight" in home-cleaning--an insight into a new order of housekeeping.

Carpets, rugs, draperies, upholstery, clothing--any fabric--cleaned, warp, wool, top and bottom, through and through, just like new! Cleans and dusts in the one operation and in a time-fraction of the broom-dustpan-drudgery way.

And you don't know you're buying it
